EXPRESS ALBUM - \$550

The express album is a more affordable way for a couple to get their hands on a great quality album. The express album is an 8x10 ,15 spread, 30 page Essex album. All you have to do is pick out your color material for the cover and trust me to do the rest. One main different between the standard album is you loose the ability to make changes to the layouts. Please ask if you would like to see examples of the layouts. Since there is no proofing involved in the express album it should only take a few weeks from the day you get married until it is in your home for you to enjoy!
